Senegalese police fire tear gas as Dakar braces for more protests

Reuters on MSN.com | 29 minutes ago

Senegal's security forces fired tear gas and stun grenades to disperse opposition supporters who attempted to gather in the capital Dakar for the first of three days of planned opposition protests over a libel trial of one of its leaders.

French police brace for violence as new pension protests erupt

Global News | 1 day ago

Demonstrations got underway peacefully Tuesday morning, with large crowds in multiple cities. But police braced for violence later in the day.

Pension protests: Here's everything you need to know about travelling to France right now

MSN | 9 minutes ago

Paris is a classic springtime destination. But this capital city, along with the rest of France, is currently seeing protests and strikes over an increase in retirement age. Rubbish has piled up on the streets of Paris, flights have been cancelled and ...

More religious or more democratic? Israel protests become fight for country's 'essential character'

CBC.ca | 1 day ago

The streets of Israel have boiled with anger and frustration for three months. And they continue to seethe even after Israeli Prime Minister Benjamin Netanyahu paused — just a little — in his quest to rein in the country's judges.

Ukrainian grain inflow triggers protests in Poland, Bulgaria

The Globe and Mail | 1 hour ago

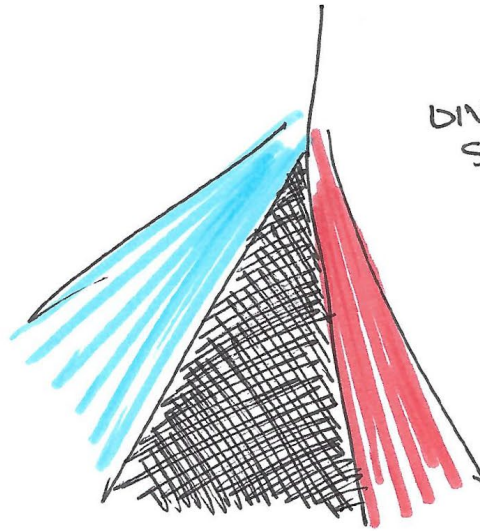

AGROUnia has been staging protests, including spilling grain at Kowalczyk's ministry door. Kolodziejczak said Wednesday at least 8 billion zlotys (\$1.8 billion) is needed to compensate the farmers and improve infrastructure leading to transit ports ...

France wracked by more pension protests amid rising violence on the streets

CNN on MSN.com | 2 hours ago

Protesters on the tracks at a Paris rail station. Smoke bombs let off at Biarritz airport. Anger at French President Emmanuel Macron's pension reforms showed no sign of letting up on Tuesday as the nation saw for a 10th day of nationwide demonstrations.

How "too big to fail" banks became a symbol of safety

 Axios on MSN.com | 5 days ago

Once upon a time, "too big to fail" was shorthand to villainize big banks — these days, it's a way to say "your money is safe." Why it matters: The shift in meaning raises the possibility that more banks will become too big to fail (TBTF) — through regulation or simply through consolidation.

Are 'Too Big To Fail' Banks Really the Safest Place For Your Money?

 YAHOO!News | 5 days ago

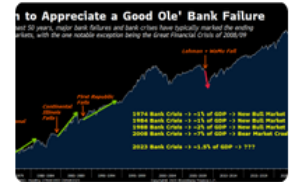

For the second time in the past 15 years, people are talking about banks that are "too big to fail." It happened in 2008 during that year's banking crisis, and it's happening again in 2023

What History Says About All These Bank Failures

Bank Failures Haven't Crashed the Stock Market

Someone forget to tell the stock market to crash? Amid a string of failures and bailouts this year, the S&P 500 index has somehow ended nearly 4% higher, not counting dividends. I suppose we can expect a bounce back from last year's 20% price drop.

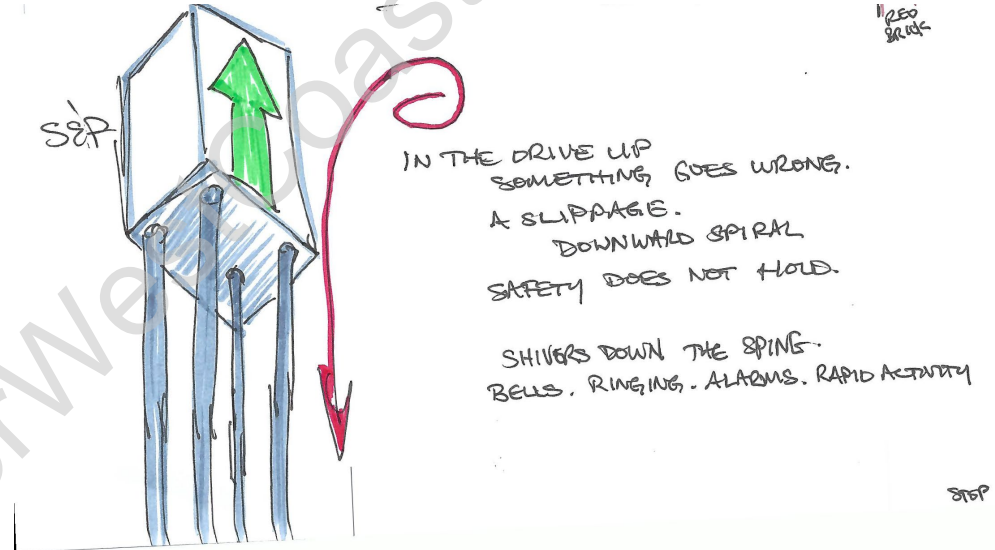

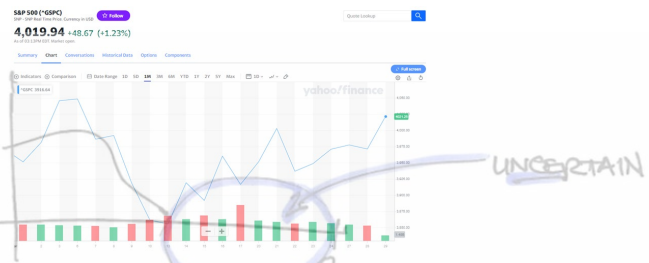

Mohamed El-Erian: Fed should pause after 'mishandled' interest rate hikes and bank failures

Seeking Alpha on MSN.com | 2 days ago
Criticizing the Federal Reserve's delayed action to control inflation, former PIMCO chief Mohamed El-Erian said Monday that the central bank's "least bad" option is now to pause its interest rate increases.

In The Face Of Banking Crisis, The Bitcoin Price Rise Is Proving Us Right

Bitcoin Magazine | 2 hours ago

I want to be the first to say in chaotic times like this: "Thank God we have Bitcoin." We have certainty that our money is our money. There is no third party that is going to f*ck with it and inflate its value away. There are no third parties that can ...

Bitcoin Regains \$28K; XRP Surges for a Second Day

CoinDesk on MSN.com | 11 hours ago

Classifying XRP as a commodity could mean Ripple wins its case against the SEC, which some traders may consider bullish for the token.

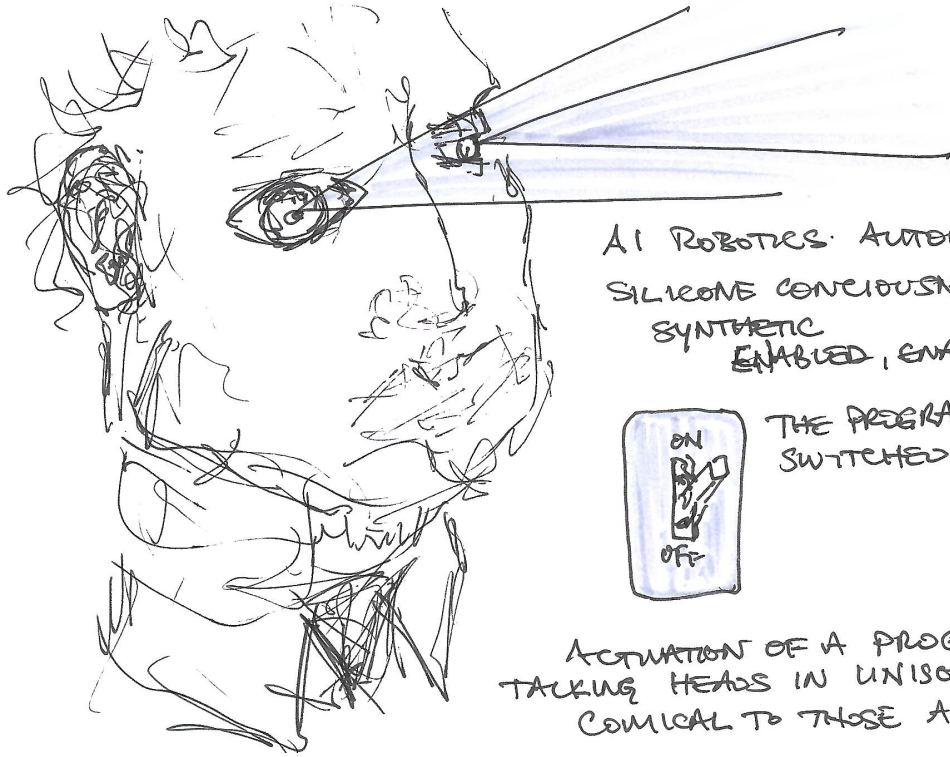

Bitcoin Climbs 5% Above \$28,000 as Investors Shrug Off Regulatory Crackdowns

NBC New York | 5 hours ago

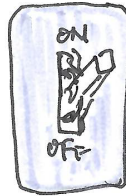

Bitcoin surged 5% in the past 24 hours to as high as \$28,474, retaking the \$28,000 level after dipping below it on Monday.
